

# KOLOA IKI

Michael and Suzanne McCrary © 2020

## CHORUS

**C** **G**  
I met Koloa Iki and this she said to me,  
**C** **G** **C**  
"Let's learn about the climate and the level of the sea."

---

**C** **G**  
Can you see the ocean under a clear and bright blue sky?  
**C** **G** **C** **C7**  
Waves are washing higher onto land that once was dry.  
**F** **C7**  
Surrounded by the ocean we see the rising seas  
**F** **C7** **F** **G7**  
Beaches disappearing in the warm and gentle breeze.

---

## CHORUS

**C** **G**  
Koloa Iki tells us as she swims in pools so blue,  
**C** **G** **C** **C7**  
To help us preserve our 'āina, this is what you do:  
**F** **C7**  
Learn about the climate and the rising of the seas.  
**F** **C7** **F** **G7**  
We need to save our islands, our waters, and our trees.

---
